

REMARKS

Although Applicants do not agree that claims 1-28 were anticipated by US2004/0205280 (hereinafter "Jeansonne"), Applicants have canceled the original claims, 1-37, and have added new claims, 38-50. Applicants respectfully assert that the new claims are patentable over Jeansonne and the other prior art of record.

Please contact Susan C. Hill if there are any issues regarding this communication or the current Application.

Respectfully submitted,
